

Bruce M. Klein – Partner

Backed by more than 40 years of experience, Bruce M. Klein has provided high-quality healthcare consulting services to clients throughout New York. At Russell Friedman & Associates, he represents healthcare providers and carriers in no-fault regulation cases. In fact, he played an instrumental role in our firm’s work in obtaining clarification from the NYS Department of Financial Services that UB-04, the standard hospital billing form, is a bill in no-fault. With his help, our firm also established that an ER bill cannot be delayed for the receipt of Form NF-2.

Attorney Bruce Klein’s extensive knowledge regarding no-fault laws has been sought by various organizations and associations over the years. He was a RIMS guest speaker on “The Relationship Between No Fault Insurance, Compliance, and Revenue Cycling” for the Long Island Association and the Health and Hospital Section’s Continuing Legal Education Course. In relation to no fault coverage law, he continues to

seek clarification on federal regulations related to secondary payment. He is licensed to practice in New York, U.S. District Court, Southern District of New York, and the U.S. District Court, Eastern District of New York.

If you need a skilled New York no-fault insurance attorney to assist you with resolving a no-fault claim or issue, Attorney Bruce Klein can help protect your rights and interests. His sharp litigation skills and hands-on approach could make all the difference to the outcome of your case. He would be happy to answer your questions during an initial consultation, at no additional cost.
